

## Healing from Cancer

Heavenly Father,  
You are the Creator of my body, the One who designed every cell, every organ, and every system with wisdom and order. Today I lift myself before You, knowing that I am *“fearfully and wonderfully made”* (Psalm 139:14). You understand my DNA, my genetic code, and the molecular pathways of my body more than any physician or scientist ever could.

Where mutations have caused uncontrolled cell growth, I ask You to bring divine correction—restoring healthy cellular communication, halting abnormal proliferation, and activating the God-given process of apoptosis so that every unhealthy cell is removed in perfect order.

In the name of Jesus, I command malignant cells to cease their activity and bow to the authority of Christ. I declare that my immune system—T-cells, natural killer cells, and antibodies—are empowered by the Spirit of God to identify, target, and destroy every cancerous cell. *“No weapon formed against me shall prosper”* (Isaiah 54:17). Cancer is a weapon, but it will not prevail against me because of the blood of Jesus.

Lord, where tumors have tried to form, I pray for their complete regression and dissolution. Let the blood vessels feeding abnormal growth be cut off, while my healthy tissues remain nourished and strong. Restore my bone marrow to produce healthy blood cells, my lungs to breathe freely, my liver and kidneys to filter toxins effectively. Bring every organ back into perfect balance and homeostasis.

I thank You for guiding every physician, surgeon, radiologist, and nurse who has cared for me. I ask that every treatment—whether chemotherapy, targeted therapy, radiation, or surgery—be aligned with Your healing will: powerful against cancer yet gentle to healthy tissue. Protect my body from lasting side effects and restore my strength.

Your Word promises, *“I will restore health to you and heal you of your wounds”* (Jeremiah 30:17). So I speak restoration at the cellular level, healing at the tissue level, and wholeness at the systemic level. I call for renewed energy in my mitochondria, balanced hormones, regulated electrolytes, and complete harmony in every system of my body.

Jesus, You carried my diseases on the cross, and *by Your stripes I am healed* (Isaiah 53:5). I receive that healing fully now. I release all fear and anxiety, and I embrace Your peace that surpasses understanding

(Philippians 4:7). My mind is clear, my body is strong, and my spirit is filled with unshakable hope.

And now I make this final declaration: Cancer may not return to my body. It is defeated permanently. For it is written, *"Affliction shall not rise up the second time"* (Nahum 1:9). I stand on the promise that *"He who began a good work in me will carry it on to completion until the day of Christ Jesus"* (Philippians 1:6). I declare that I will walk in divine health all the days of my life, for *"The Lord is faithful, and He will strengthen me and protect me from the evil one"* (2 Thessalonians 3:3).

In the mighty name of Jesus,  
**Amen.**

Here Comes Joy
